Dear 8th Grade Graduating Class of 2006,

A yearbook is more than printed pages, clever sayings and pictures. It is, in a very real sense, a record of your education and memories. Those memories are held individually and collectively as the graduating class of Ann Street School, 2006.

It is my hope that those memories are pleasant ones; ones which you will hold dear and keep forever in your minds and hearts. They were built grade by grade always keeping our three principles of Respect, Responsibility, and Get a Good Education in the forefront of your minds.

Because you held fast to our principles, and made good decisions, you are now about to face a good consequence. You have received an excellent education that will serve you well as you move on to the most wonderful four years of your life, known as high school.

Let the memories that are represented in this book serve as a reminder to you in those quiet moments when you turn your thoughts and hearts back to the days you spent at Ann Street School. You are, and always will be a special class to me, since you are the first graduating class of my career as your principal.

I congratulate you on your accomplishments, and I am proud of you. I wish you good luck, happiness, and success throughout your lives.

**Sincerely,
Linda J. Richardson

Farewell Address

Now that our years at Ann Street have come to an end, we look back on many memories. We remember the people, the good and the bad times, and the many new experiences that all have become a part of us. Many of these memories will be forgotten, but the lessons we have learned here will enable us to become someone who is always willing to give, as well as to receive.

There are many difficult years ahead of us, and they will not be easy. Life is full of disappointments and failures as well as good times and accomplishments. But, if we have perseverance and confidence in ourselves, we will be able to overcome any barrier that stands in the way of our success. Our years at Ann Street School have given us the ability to achieve this goal.

So, as we leave you, Ann Street, we say good-bye, with mixed emotions of happiness and sorrow. We thank you for sending us out into the world as better people.

The Little Ship of Courage

I saw a little ship at sail upon a wide, wide sea and its courage as it sailed along seemed awfully brave to me. In usual terms it would be said its urge was far too strong, but when it reached the other shore, it proved this theory wrong.

Which indicates there is no chore we cannot fail to do, if we but have the fighting will to see our aim come true. For though the challenges we face are as a wide, wide sea, when we meet them with full effort full success will be achieved.

Ann Street Goodbye

(1) We came here...now we're going,
Schools are never quite the same,
We'll miss you...dear old Ann Street,
Don't feel bad you're not to blame.

Chorus:

So Ann Street good-bye
And we'll try not to cry

All our mem'ries of you will live on
We will be blue...'cause we're leaving you
Soon our hearts will be leaving you behind.
Linger a-while, and we'll go with a smile,
Like a friend who just happens to call,
For the last time, we will say good-bye.

(2) We know now we must go, now,
Though our hearts plead us to stay,
High school is our to-mor-row,
You belong to yes-ter-day...

(Chorus)

Time has passed and you are already a teenager going into high school. It seems like yesterday when you learned how to walk, when you said your first words, and when you went to kindergarten. If I could only turn back time and hold you in my arms. In a couple of years you will graduate college and make someone of yourself. Don't ever forget that I love you very much and will always be by your side.

With Love,
Mom

*For every ending there's a new beginning;
for every memory, there's a dream ahead."*

*The happy times you've had so far,
The people you have met will always be a part of life
You'll never quite forget...
But ever better, brighter days are waiting just for you,
So dream your dreams, and start in now
To make them all come true!*

With all the love in the world. Mom, Dad and Chip

She started school this morning,
it was kindergarten day.
As I walked there beside her
Tears rolled down my cheeks it was her first day

And as she took her place beside
the others in the class,
I realized how all too soon
Those first few years passed.

But I still remember the day
She first learned how to walk.
The words that we tried to make out
When she first began to talk.

Soon this little girl began to write
Scribbles, then lines, and way to soon words

I longed to stay with her
And keep my baby by my side
To lead her through the places
That she couldn't understand

But now was my turn to set her free
To show her all the things she could be

And now I share my little girl
With friends and work and the world;
She's not a baby anymore --
It's her Graduation day!

We Love You,
Mom, Dad , and Jessica

Congratulations Jonathan

Jonathan has spent the past nine years as an average student at Ann Street School, which he has stated as being "quite cool". He has been accepted into Immaculate Conception High School in Monclair – that is where he will spend the next four years. Jonathan has a terrific smile and he is a very sensitive boy, good-natured and a friend who brings great joy. He enjoys sports, especially the N.Y. Yankees, N.J. Devils and the Washington Redskins. He is planning to be a pro-baseball player and surely will help his team to win their games – which eventually will give him fortune and fame. Jonathan (also known as the IceMan) has traveled with the Newark Project Pride All-Stars to Puerto Rico, joined, of course, by his three brothers and proud parents. He is part-owner of Stardust Skier (nickname Twinkle) a beautiful race horse – so it looks like Jonathan's life is on the right course. His family wishes him good luck and happiness – knowing full well, he will always do his best!

When I was younger my parents told me, how important a good education would be to my future, but, I didn't know exactly what they meant.

Now, that I'm graduating I realize how lucky I am, because I have the honor to be part of Ann St School and that's one of the reasons why I'm thankful for all the advices and support I always got from my whole family, teachers and friends. The memories are going to last for the rest of my life.

Ahora la etapa que sigue sera un poco mas dificil por lo tanto requiere un poco mas de esfuerzo de tu parte y tambien se que lo lograras: ya que eres una niña muy inteligente: No olvides formularte vario objetivos (o metas) para cumplirlas una a una y asi, te daras cuenta de lo que eres capaz. Recuerda lo dificil no es llegar a la cima, si no lo dificil es mantenerse alla arriba. Por todo lo que has logra te felicito ya que les has dado muchas satisfacciones a tus padres. With heavy hearts; and a tear in our eyes
after all these years; we must say goodbye
Please understand; we've done all we could
if there was anything we could do; we know we would...

I lived through this year and I'll be ready for life.
We graduate with a feeling that's hard to fight.
Burst in tears with all of our fears,
Is this the time for us to be free....

With an idea, determination and
the right tools,
You can do great things.
Let your instincts, your intellect
And let your heart guide you.
Trust.

Believe in the incredible power
Of the human mind
Of doing something that makes a
difference
Of working hard
Of laughing and hoping
Of lasting friends
Of all the things that will cross
your path
Next year

The start of something new
Brings the hope of something
great.

Anything is possible
There is only one you
And you will pass this way but
once.

Dream Big.

Don't Quit

When things go wrong, as they sometimes will,
When the road you're trudging seems all up hill,
When the funds are low and the debts are high,
And you want to smile, but you have to sigh,
When care is pressing you down a bit,
Rest, if you must- but don't you quit.

Life is queer with its twists and turns,
As everyone of us sometimes learns,
And many a failure turns about
When he have won had he stuck it out;
Don't give up, though the pace seems slow-
You might succeed with another blow.

Often the goal is nearer than
it seems to a faint and faltering man,
Often the struggler has given up
When he might have captured the victor's cup.
And he learned too late, when the night slipped down,
How close he was to the golden crown.

Success is failure turned inside out-
The silver tint of the clouds of doubt-
And you never can tell how close you are,
It may be near when it seems afar;
So stick to the fight when you're hardest hit-
It's when things seem worst that you mustn't quit.

Love always,
Daddy, Mommy, Gabby & Jessica

A-D Storm surge

The 2005 hurricane season led to a record 27 named storms – 14 of them hurricanes – with several of them striking the U.S. Gulf and Atlantic coasts. Losses were estimated at \$57.6 billion in the U.S. from hurricanes Katrina, Rita and Wilma, with those first two storms throwing more than 500,000 people out of work. Here's a breakdown of some of the damage:

- Katrina struck the tip of Florida before making a beeline for Louisiana, Mississippi and Alabama on Aug. 29, destroying homes and businesses and taking more than 1,200 lives.
- New Orleans flooded after levees broke, leading to many rooftop rescues. More than 25,000 people, including the 23,000 who fled to the New Orleans Superdome, were sent to Houston's Astrodome for temporary shelter.
- The Mississippi coast took a direct hit, with high winds and 20-foot high waves leveling buildings and even moving casinos off their moorings.
- About 372,000 children from all three states started school in different cities or were being home-schooled; and approximately 18,000 college students from Louisiana spent the fall semester at other universities.
- Rita struck three weeks later in Louisiana and Texas. In one of the largest evacuations ever, 2.8 million people in southeast Texas, including Houston and Galveston, struggled to leave.
- Arlene hit Mississippi and Alabama, while Dennis struck Alabama and Florida. Ophelia stayed offshore of the Carolinas and Virginia and pummeled the area with heavy rains.

E. Hurricane tragedies widespread

Wilma hit Mexico first, stranding tourists and damaging Mexico's resorts and economy. The tragedy was much greater in Guatemala following heavy rain from Hurricane Stan. More than 650 people died and more than 370 were missing after massive landslides there buried communities. Mexico, El Salvador, Nicaragua, Honduras and Costa Rica also reported deaths and damage from Stan.

Have you made any type of donation to the hurricane relief efforts along the U.S. Gulf Coast?

YES 57.7%

NO 43.3%

Former Iraqi President Saddam Hussein went on trial for crimes against humanity.

A three-day transit strike in New York City stranded 7 million people before Christmas.

Angela Merkel became Germany's first woman chancellor.

Ellen Johnson-Sirleaf became president of Liberia and Africa's first elected female head of state.

F. New day in Iraq

Coalition troops, mostly from the U.S., remained in Iraq to put down insurgents as the citizens continued their quest for democracy. Iraqis approved a new constitution in October and their Parliament in December, in an effort to set up their new government.

G. New terrorist attacks

London felt the wrath of Islamic extremists when four bombs went off July 7, killing 56 people and injuring 700. Alarming was the fact that the four suicide bombers were Britons. An attempted attack on July 21 was thwarted and the suspects were caught. Bali, Indonesia, was the site of a suicide bombing again following one in 2002, and three suicide bombers attacked three hotels in Amman, Jordan.

H. More of Mother Nature's wrath

A severe drought provided kindling for wildfires that consumed hundreds of thousands of acres and hundreds of homes and businesses in Texas, Oklahoma, New Mexico, Arkansas and Colorado.

I. Palestinians elect change

Members of the Hamas organization, which calls for the destruction of Israel, won a majority of the seats in the Palestinian Parliament in January. The United States, the European Union and Israel have labeled Hamas a terrorist group, and were carefully watching the change of government.

J. Top court shuffle

Two vacancies were filled on the U.S. Supreme Court. John G. Roberts became the new chief justice, replacing William Rehnquist after his death. Samuel Alito took the seat of Sandra Day O'Connor, who retired.

K. Matriarchs pass on

Rosa Parks and Coretta Scott King, two leaders of the civil rights movement, died within a few months of each other. Parks was remembered for refusing to give her bus seat to a white man in Montgomery, Ala., in 1955. King was the wife of slain civil rights leader Martin Luther King Jr., and she founded the King Center for Nonviolent Social Change in Atlanta to carry on his work.

L. Gas, oil prices heat up

High gasoline prices increased even more following hurricanes Katrina and Rita, which damaged oil refineries in the Gulf region. Prices were up already because of increased summer demand, higher crude prices and less refining capacity worldwide. Winter heating bills also surged as oil companies tried to repair damage and restore production.

M. Mountain tragedy

A massive earthquake in the mountains of the Kashmir region of Pakistan in October killed more than 79,000 people, injured almost as many, and left about 3.3 million homeless as winter approached. Donations were lacking and relief supplies were slow in reaching the needy.

O. Flu scare for the birds

Medical officials put the world on notice after a strain of avian flu was detected in some isolated human cases in China and Hong Kong. After more cases popped up elsewhere, the World Health Organization urged countries to prepare for a possible pandemic. There were concerns not only about migratory birds spreading the disease, but commercial fowl shipped for consumption.

O

P. Nuclear concerns

The U.S., Great Britain, France and Germany continued to pressure Iran to reduce its nuclear activities, and wanted the United Nations security council to impose sanctions.

P

Q. Should they listen in?

The National Security Agency came under fire for using electronic eavesdropping without warrants. The practice began after the 9/11 attacks to fight terrorism, and while the Bush administration, including Attorney General Alberto Gonzales, defended the practice, others argued it was illegal.

Q

R. Mining tragedies

Sixteen West Virginia coal miners died in separate accidents in January, as did one miner in Kentucky. In the first accident at the Sago mine in West Virginia, a terrible miscommunication led the families to believe the men were alive after a 41-hour rescue.

S. Stroke affects election

Israeli Prime Minister Ariel Sharon suffered a massive stroke three months before March elections. Sharon had formed a new political party, Kadima, and was seeking support at the polls as he attempted to reach a peace agreement with Palestinians.

T. Tsunami recovery

Tourists began returning to areas in Asia where a tsunami swallowed people, towns and livelihoods on Dec. 26, 2004. Aid came from across the globe to the dozen countries that were hit. In the U.S., the relief effort was headed by an unlikely pair—former presidents George H.W. Bush and Bill Clinton.

U. Paris ablaze

France endured 18 nights of rioting that started in the poor suburbs of Paris. The arsons and other acts of destruction began after the accidental electrocution of two teens who thought police were chasing them, and turned into protests against the government for racial discrimination and unemployment.

V. A new money man

Ben Bernanke was appointed by President Bush to be the new chairman of the Federal Reserve board, a position that directs monetary policy for the U.S. and

affects your wallet. Bernanke, chairman of the President's Council of Economic Advisers, replaced Alan Greenspan, who was the much-watched Federal Reserve chairman for 18 years.

W. ARRG!

An old-fashioned battle of the sea was won with today's technology. Pirates attacked the Seabourn Spirit cruise ship off the coast of Somalia with grenade launchers and machine guns, but never got close enough to board. The cruise ship crew used a sonic device to send an ear-splitting noise toward the pirates, then shifted to high speed and changed course.

More than 1,200 people died when an Egyptian ferry sank in the Red Sea.

Dr. Michelle Bachelet, jailed under a previous dictatorship, was elected president of Chile.

A-E Games of Turin

Turin, Italy stepped onto the world stage and played host to the Winter Olympics for two weeks in February. It was the largest Winter Olympics ever, with 2,500 athletes representing 82 countries competing in 84 events.

Long-track speedskating turned into one of the American team's best events. Shani Davis (A) won the Gold medal in the men's 1,000 meters and became the first African-American champion in Winter Olympics history. Former inline skating champion Chad Hedrick became an Olympic speedskating champion in the men's 5,000 meters just three years after taking the ice in the sport for the very first time. They were joined at the top of the podium by teammate Joey Cheek, who sprinted to Gold in the men's 500 meters.

Snowboarding was also ruled by the U.S. Shaun White (B), nicknamed "The Flying Tomato" for his bright red hair and acrobatic moves on the extreme sports circuit, won the Gold medal in the Men's Halfpipe. The 19-year old White showed nervousness when he fell during qualifying, but he recovered to win the Gold with a flourish in the finals. Other American winners included Hannah Teter in the Women's Halfpipe and Seth Wescott in the Men's Cross.

Ted Ligety (C) gave the U.S. ski team a boost by winning the Alpine Combined. It was the first Olympic appearance for the relatively unknown Ligety. He became only the fourth American male to win an Alpine Olympic Gold medal.

It was not all positive news for the U.S. Snowboarder Lindsey Jacobellis (D) poignantly summed up the highs and lows of the Olympic journey. Jacobellis was easily racing to victory in the finals of the Women's Cross when she threw too much style into an aerial and crashed. Jacobellis was unable to recover in time to keep her lead, and she was forced to settle for the Silver medal.
